Sun Coast Resources, Inc. Announces the Asset Purchase of the Commercial Fuel and Disaster Response Businesses of Roy Moffitt Customized Fueling, Inc.

Houston, TX, May 5, 2011 – Sun Coast Resources, Inc. (Sun Coast) announced today the acquisition of the commercial fuel and disaster response businesses of Roy Moffitt Customized Fueling, Inc. (“RMCF”).

Sun Coast is one of the nation's largest wholesale petroleum distributors, with over 600 employees and is licensed to do business in 24 states. Sun Coast provides hundreds of millions of gallons of fuel and lubricants and related services to thousands of companies, including commercial and industrial concerns, utilities, governmental agencies, communications, transportation and construction companies, mining enterprises, oil producers, hotels, sports complexes, delivery services, and fleet operators just to name a few.

In addition Sun Coast is one of the largest distributors of Chevron lubrication products in the United States. Sun Coast has more than 300 delivery and service vehicles plus approximately 6,000 storage tanks to provide outstanding customer service.

RMCF operates commercial fueling and bulk fuel storage assets in Cypress, Texas and employs 30 experienced and dedicated personnel. Founder Roy Moffitt and his management team have joined Sun Coast, and will continue to operate the acquired assets and business units.

“The acquisition of Roy Moffitt Customized Fueling, Inc. allows us to further expand our disaster response service capability and expands our goal of providing nationwide disaster response”, said Kathy Lehne, Sun Coast’s founder and President.

About the Company.

Sun Coast Resources, Inc. Founded in Houston, Texas by Kathy Lehne in 1985, Sun Coast operates in 24 states from 8 locations, and currently has more than 600 employees. It is the largest woman owned business in Texas, and third largest nationwide.
